

Setting the course for 2015

A Summary of our *Strategic Orientations for 2012-2015*

Who are we?

LHINs

Ontario is divided into 14 local health integration networks (LHINs). The LHINs bring all health service partners* under one umbrella and are responsible for all health services in their own territory. The Central LHIN (A), the Central East LHIN (B) and the North Simcoe Muskoka LHIN (C) cover the area contained between Scarborough and North York to the South, Huntsville to the North, Collingwood to the West, and Peterborough to the East.

Entité 4

Entité 4 supports these three LHINs on all aspects of health services in French in the region. Its role is to advise the LHINs on: needs and priorities of Francophones, ways of establishing relationships with the francophone population, access to health services in French, and planning and integrating these services. Entité 4 is the centre of expertise insofar as health services for Francophones are concerned. The LHINs, however, are ultimately responsible for making decisions in matters regarding health services.

Entité 4

Central LHIN
Central East LHIN
North Simcoe Muskoka LHIN

What are Entité 4's vision and mission?

Vision

Entité 4 is known for the quality of its recommendations which successfully meet the needs of the francophone community and contributing to the development of a health care system that provides high quality, cost-effective services.

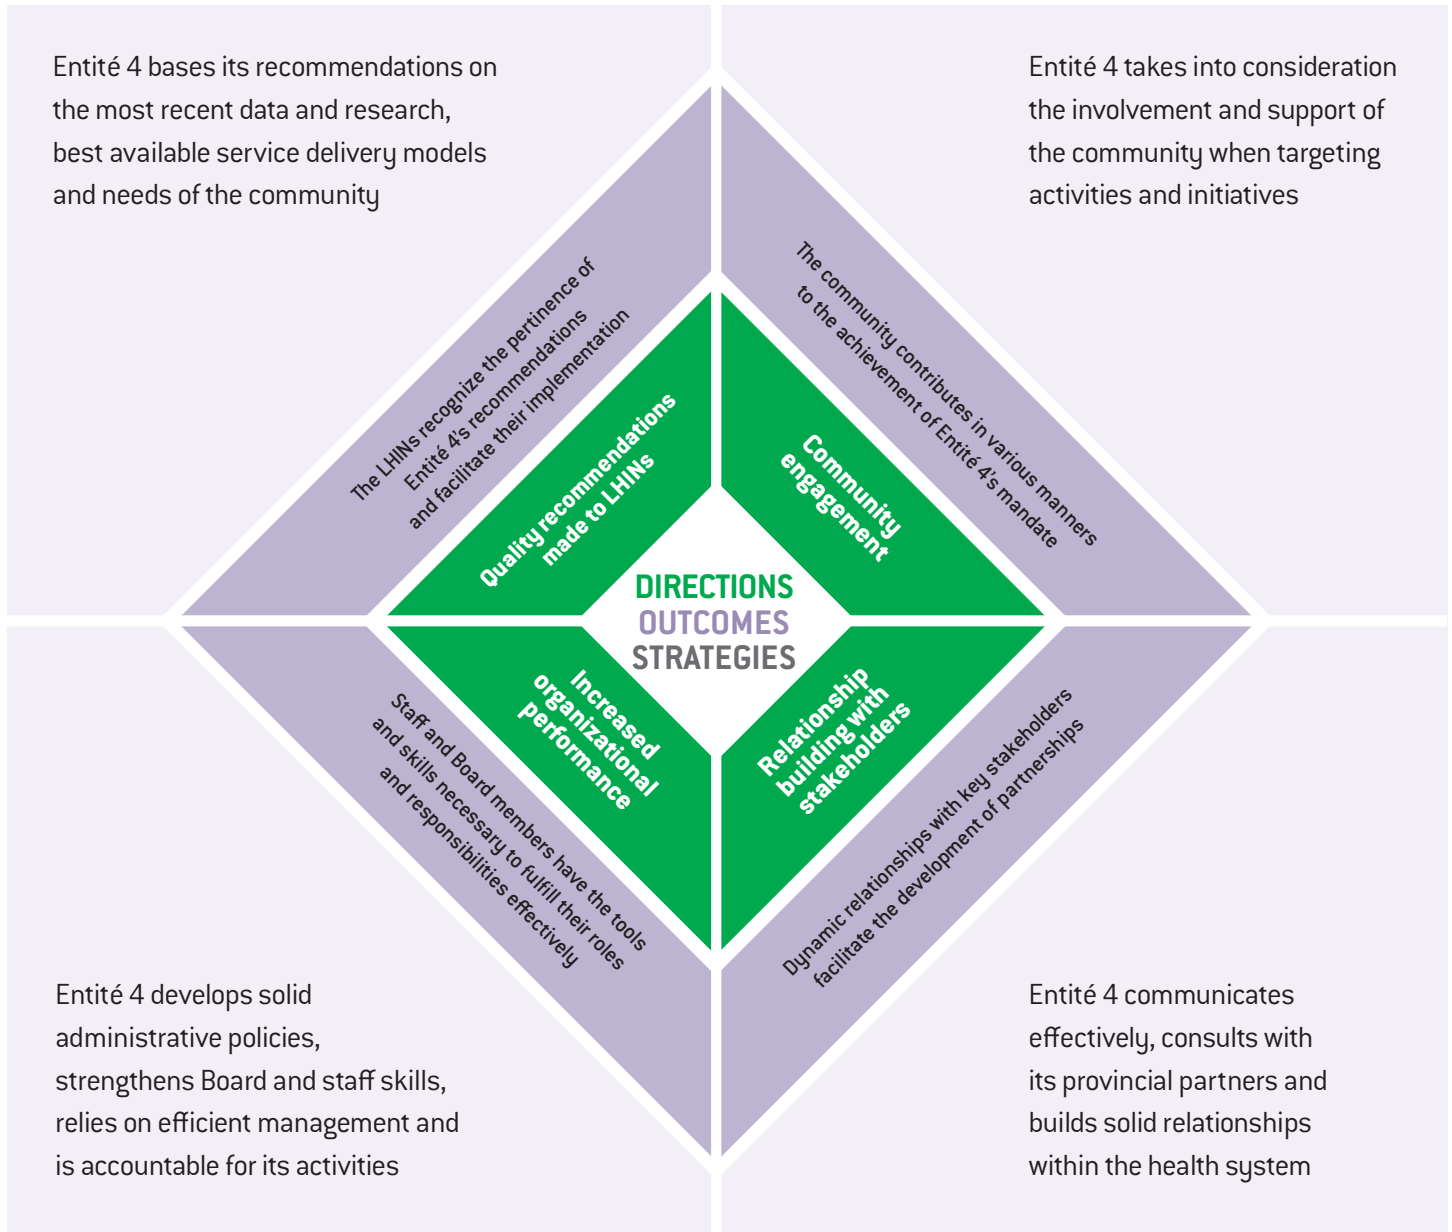

Mission

In order to improve access to health services in French, Entité 4 facilitates community engagement and provides innovative advice to the LHINs on planning, organizing and integrating diverse, high quality health care services.

*Hospitals, community care, community support services, mental health and addictions agencies, community health centres and long-term care homes.

What are Strategic Orientations 2012-2015?

Strategic orientations are the strategic **DIRECTIONS** and desired **OUTCOMES** guiding Entité 4 until 2015. All decisions and plans will be based on these guiding principles.
