Does the Ontario Health Team for Northern York Region serve a designated area?

Three of the **26 designated areas across Ontario** are in close proximity to Northern York Region, namely the City of Markham, the City of Toronto and the Township of Essa.

Under the *French Language Services Act*, a person has the right to communicate in French with, and to receive available services in French from “any head or central office of a government agency or institution of the Legislature, and has the same right in respect of any other office of such agency or institution that is located in or serves an area designated”.

Are there any identified or designated Health Service Providers (HSPs) in your OHT?

Supporting the **identification** and **designation** processes of HSPs for the provision of French Language Health Services (FLHS) is an integral part of Entité 4’s work to ensure sustainability of services over time.

The **identification process** is the selection of HSPs with capacity to plan and deliver safe and quality services in French.

Designation is the legal recognition by the Ontario government of an organization’s ability and ongoing commitment to provide high-quality services in French.
