

Ontario Health Teams: Providing Connected Care for Francophones in **Barrie and Area**

Integrating French Language Health Services into your Ontario Health Team

Entité 4 can support your efforts to engage with the Francophone community.

Other local resources:

- **North Simcoe French Language Services Community of Practice**
- **La Clé**
- **La Coalition des services à l'enfance, à la jeunesse et aux familles (COMPASS)**

The *People's Health Care Act, 2019* states “the public health care system should recognize the diversity within all of Ontario’s communities and respect the requirements of the *French Language Services Act* in the planning, design, delivery and evaluation of health care services for Ontario’s French-speaking communities.”

What do you need to know about the Francophone community in Barrie and Area?

The rich diversity in the Francophone populations served by Entité 4 in Barrie and Area translates into complex and varied health needs.

The North Simcoe Muskoka area boasts one of the oldest Francophone communities in Canada, dating back more than 400 years. Entité 4 can provide expertise and meaningful data on the socio-demographic profile of your francophone community.

Does the Ontario Health Team for Barrie and Area serve a designated area?

The Township of Essa is one of **26 designated areas across Ontario**.

Under the *French Language Services Act*, a person has the right to communicate in French with, and to receive available services in French from “any head or central office of a government agency or institution of the Legislature, and has the same right in respect of any other office of such agency or institution that is located in or serves an area designated”.

Are there any identified or designated Health Service Providers (HSPs) in your OHT?

Supporting the **identification** and **designation** processes of HSPs for the provision of French Language Health Services (FLHS) is an integral part of Entité 4's work to ensure sustainability of services over time.

The **identification process** is the selection of HSPs with capacity to plan and deliver safe and quality services in French.

Designation is the legal recognition by the Ontario government of an organization's ability and ongoing commitment to provide high-quality services in French.

Identified Health Service Providers in Barrie and Area:

- Royal Victoria Regional Health Centre
- Canadian Mental Health Association Simcoe County

Home and Community Care:

coordination of care is subject to the *French Language Services Act*. Home and Community Care services are provided by the Local Health Integration Networks (LHINs).

Spotlight on French Language Services

Barrie Community Health Centre in partnership with CHIGAMIK Community Health Centre

With Entité 4's support, a collaboration agreement was developed between Barrie CHC, CHIGAMIK CHC and South Georgian Bay CHC. Thanks to this collaboration CHIGAMIK CHC's French speaking nurse practitioner offers services at Barrie CHC one day per week.

60 FRANCOPHONE PATIENTS WERE ABLE TO ACCESS PRIMARY CARE SERVICES IN FRENCH IN BARRIE.

THE FLS SYSTEM NAVIGATOR AT CHIGAMIK CHC HELPED **119 PATIENTS NAVIGATE THROUGH SERVICES.**

Canadian Mental Health Association Simcoe County

Entité 4 worked with Waypoint Centre for Mental Health Care to address gaps and plan for improved access to mental health and addictions services for Francophones. Since the fall of 2018 French-speaking clinicians are available at Canadian Mental Health Association Simcoe County and CHIGAMIK CHC.

What other French Language Health Services are located nearby?

Francophones in Barrie and Area may choose to access other FLHS within the North Simcoe Muskoka area.

📍 500 Church Street, Penetanguishene

📍 287 Bayshore Drive, Midland (outpatient services)

Please note: list above is not exhaustive and is intended to provide an example of some of the French Language Health Services available in the area.

Why is it important to develop FLHS in Barrie and Area?

Patients and their families struggle to navigate the health care system, especially when seeking services in French. The integration of bilingual health promoters and patient navigators into health care teams is an emerging best practice in serving minority populations.

Delivering these services in French for Francophones is a key component of patient-centered care for priority populations.

How do language barriers impact patient safety and care quality?

INCREASE:

↑
MEDICAL CONSULTATION TIMES
